**STAYING CONNECTED**

*Providing more than academic support!*

**LEARNING REIMAGINED**

**In the era of COVID-19**

Our clients are the heart of everything we believe in and do. Therefore, we promise to provide safe and reliable service during these unprecedented times. Because there is currently no vaccine to prevent COVID-19, we are following the guidelines issued by the CDC. Therefore, please adhere to the following until further notice:

- All students will have their temperature taken when they enter the facility.
- All tutor stations will be disinfected after each session. There is hand sanitizer in each classroom.
- All tutors and students will wear a mask when social distancing is not conducive.
- No waiting in the waiting area. Parents will be required to drop off and pick up students at the main entrance.
- Hand sanitizer is located throughout the building for both tutor and student use.
- No more than 10 students in a given area of the Center at one time.
- If students are sick and/or running a fever, please reschedule the tutoring session.

Our summer reading and math tutoring skills program is an integrated supplemental program that builds reading and math skills to prepare students for the next grade while addressing identified gaps in learning. It allows students an opportunity to **Catch Up, Keep Up and Stay Ahead!** Parents can select tutoring on site at our Fayetteville Office and/or online through our **Academic Connections Online** Support portal. See our website for more information: [academicsupportatl.com](http://academicsupportatl.com)

**Helping students to  
Catch Up, Keep Up and Stay Ahead!**
